

## SELF EMPLOYED DRIVERS

Join Delivered and enjoy the benefits of being part of an established company where everyone works as a team. We'll give you 100% support for you to become one of the best-trained and most capable multi-drop drivers in the country, working with some of the biggest and best known companies in the area.

### The work

Multi-drop delivery work is the customer facing side of our overnight delivery service. Overnight parcels from all over the UK route through our Midlands hub and are sorted for delivery to customers in our area. Our overnight service offers 4 timed delivery options, so your route will be planned to ensure that deliveries are made at the times booked. You will need a clean, recent, transit-sized van. You'll be allocated your own delivery run so you will get to know both your routes and customers. As well as the timed deliveries, you'll be collecting overnight parcels during the day to go by trunk vehicle to the hub.

During the day you'll keep in touch by mobile phone with Delivered control for updates on collections which have been booked on your delivery run – and we work closely together to maximise the number of collections and deliveries you can make in a day.

### The hours

Multi-drop drivers start their day at 7am when the overnight parcels have arrived from the hub and have been sorted into their routes for delivery. Your finish time will depend on the route you work, and how quickly you complete the schedule – and you'll find that by working the same route each day you can maximise your efficiency as you get familiar with it.

### The pay

Your earnings are based on the number and value of deliveries you make. Earnings average at between £400-600 per week, with £500+ regularly earned once you've gained some experience (and if you're prepared to work hard and consistently).

There is no upper limit on what you can earn – it's all down to your commitment and ability.

### What does Delivered need from me?

- A full UK driving licence
- A clean, recent vehicle.
- A basic working knowledge of the local area.

If you meet the above requirements, return the application overleaf to our Head Office. Please contact us if there are any points you want to discuss in more detail before applying.
